

DEAR RESIDENTS:

LET US THINK AT FIRST OF RESPECT FOR ANY BODY AND FOR ANYTHING AND THERE, WE HAVE THE GOOD BEGINNING FOR THE QUALITY OF YOUR STAY

The Parking :

Ideal square for your vehicle (1 only one by holiday cottage, any additional vehicle will then be charged 25€ week and 5€ a day in more).

Playgrounds :

Specially conceived to let off steam to run, to play with a ball ; there, the peace of mind of the neighbourhood is not perturbed, especially by the passage of our expensive youngs in front of the holiday cottages(shelters) of the neighbors: it is more pleasant to take paths.

The swimming pool :

Opened from 9 am till 8 pm according to the season.

The children stay under the responsibility of their parents there, as well as on the whole Domain.

Our friends animals :

Dogs are kept on a lead and make their needs in the "wee-wee drome" specially conceived for them. If your animal made its needs except this place, you will indeed want to arm yourselves with bag available on the reception. In holiday cottages, they do not rise on beds and seat, moreover, they came with their basket couchette.

The peace :

Place was privileged on the heights of the hill, let us keep this peace of mind especially after 22 hours: any acoustic appliance will be accordingly settled

The environment, the plantations :

Tents, barbecues, deep fryers are not authorized, this by pure security.

Containers are at your disposal in a dock in the entrance to sort out your waste: let us think of the planet here also, cradle of the humanity.

Shrubs, flowers revive our eye. Plantations ask to express them, let us not damage them

The holiday cottage :

An inventory to be checked in the daytime of arrival is planned in every portfolio. Unless on-the-spot rent, it is recommended to plan sheets, pillowcases; sleeping bags are not authorized due to the lack of hygiene.

Bedding, covers, pillows, dishes or other one of the holiday cottage stay inside.

Space heaters are forbidden: a counting in the reception indicates us one on consumption by holiday cottage, what risks to cause big damages.

The possible visits :

For the security of all and to avoid any misunderstanding, every person foreign to the Domain must be necessarily indicated to the Direction.

A 5€ entrance fee a person and a day will be asked them during visits to the residents, as well as 2€ additional for the access to the swimming pool. The tenant will remain the only responsible one in case of degradation or incident caused by his visitor.

Before your departure :

The holiday cottage must be made appropriate and tidied up as you took up it.

The disposable protections of bedding used are to be put in a refuse bag.
